MISSION STATEMENT Rebuilding Together Mountain Communities is an affiliate of Rebuilding Together, America's largest National volunteer organization, that in partnership with the community rehabilitates the homes of low-income homeowners, particularly the elderly, disabled, and families with children, so they can live in warmth, safety and independence. Through these efforts, we hope to unify and serve our mountain communities by providing a vehicle for volunteers to get involved and make a difference.

Message from the President

Once again, Christmas in April Rebuilding Day was a huge success, and I am totally amazed at the hard work and enthusiasm of this wonderful community. Rain, snow and fog notwithstanding, when it comes to helping others, you can't beat the folks who volunteer year after year to help their neighbors. Your generosity and hard work have gone above and beyond all expectations! In this our 21st year, we selected and refurbished 7 homes, forever making a difference in as many lives. Generosity is like a muscle, the more you use it the stronger it gets and this, my friend, this is one strong community.

Our fundraising was incredible. I want to say Thank You to Rim O' the World Association of Realtors, who co-sponsored our Benefit Dinner Auction and made it a huge success. Thanks also to the Lake Arrowhead Country Club, who not only donated their facility to house the Event, but included a complete dinner with all the trimmings for approximately 200 people.

Thanks to our Home Sponsors, Union Bank, California Bank and Trust, Lake Arrowhead Community Presbyterian Church, Lake Arrowhead Hobie Fleet 434, Lake Arrowhead Rotary, Mountain Sunrise Rotary, Serenity Lodge, St. Richard's Episcopal Church, and DiCarlo Family Trust, as well as many others, who donated funds necessary to improve the lives of eight grateful homeowners. A big Thank You to Rim Forest Lumber for providing supplies and materials at a reduced cost to us.

Much appreciation goes to the members of our Board of Directors, who work tirelessly throughout the year to accomplish the goal of keeping our deserving seniors safe, warm and dry in their own homes. Without their efforts, we could not have pulled it off.

I am looking forward to another great year. So do yourself a favor on the last Saturday in April, come out, pitch in, and bless a needy neighbor.

God bless you all,

President

"People Helping People"

What is Rebuilding Together?

Christmas in April Mountain Communities was formed in 1994 as an incorporated 501(c)(3) non-profit public benefit agency, whose purpose is to provide home repair and maintenance service to low-income elderly and/or disabled homeowners, free of charge. In 2005, Christmas in April adopted its new official name, Rebuilding Together, in response to a directive from the National Organization.

What are the Goals of Rebuilding Together?

Rebuilding Together is about getting involved and making a difference in our community. The goals of Rebuilding Together are three-fold: 1) To improve quality of life for our elderly and/or disabled citizens, 2) To create an avenue of service for our community members at large, and 3) To help restore and beautify each mountain community where we live and work

Who Supports Rebuilding Together?

Rebuilding Together is supported entirely by individual contributions of money, time and materials. This includes local businesses, community service organizations, private individuals, corporations, churches and foundations. Through the combined efforts of many people from different walks of life, we form a team that comes together on a single day to help its neighbors in the American "barn-raising" tradition!

What is the National Scope?

The headquarters of Rebuilding Together is in Washington, DC. Over 150 affiliates refurbish thousands of homes across the country every April on Rebuilding Day. The market value of services rendered on this day alone is in the hundreds of millions of dollars each year. Rebuilding Together Mountain Communities is the only program in San Bernardino County.

How are Homeowner Recipients Selected?

The Rebuilding Together Home Selection Team selects the projects based on 10 criteria, which include income, length of home ownership, disability, age, complexity of project, etc. Recipients must be elderly and/or disabled homeowners who cannot work themselves, or cannot maintain their homes due to limited income.

Who Does All That Work?

Volunteers from each mountain community provide the teamwork necessary to complete a number of assigned tasks; licensed contractors provide most professional skills necessary to successfully complete each project.
